

I have recieved two telemarketing calls from AT&T while I have enrolled to the National Do Not Call List. The first call was on 12/7/03, 5:08 p.m. with the phone number of 1-800-809-8676 and I have told the representative to take my phone number off of its calling list. Today (12/11) at 10:28 a.m. an AT&T representative called again.
